

This is a detailed site plan for a construction project. The plan shows several building footprints, some labeled with materials like '水泥' (Cement) and '石' (Stone), and others with numbers like '3', '2', '3', '4'. A central area is labeled '董清泉 3F 拟建建筑 建筑高度H: 12.35m'. The plan includes a coordinate grid with points marked by X and Y values. A legend in the bottom left corner defines symbols for '原建筑投影线' (Original building projection line), '新建建筑' (New building), and '出入口' (Entrance/Exit). A table in the bottom right corner provides area calculations. Two red stamps are visible on the right side of the plan.
